

DIGGING IN YOUR YARD CAN CANCEL TONIGHT'S GAME.

Careless digging can hit all sorts of utility lines. So 48 hours before you take an auger or even a roto-tiller to your yard, call the Utilities Protection Center of Georgia to get your lines marked. The call takes just a few minutes. And the service is free. But it could save you hours of frustration.

Call before you dig. It's the law. 1-800-282-7411. www.gaupc.com
