Facebook/LinkedIn

1. (For Aug. 4 posting) Did you know digging without calling 811 first increases the chances you'll knock out utility service for you or your neighborhood? You definitely don't want to be the person who cuts the cable and prevents people from watching their favorite television shows. Check out [Georgia811.com](http://www.Georgia811.com) to learn more.
2. (For Aug. 8 posting in the afternoon) It's going to be a hot weekend for outdoor work. What are some of the things you'll do to stay cool if you'll be outside? Just remember, call 811 a few days in advance if your weekend plans include any digging.
3. (For Aug. 11 posting) Today on 8/11 Georgia 811 wants to remind you that safe digging is no accident. Calling 811 before you dig saves lives, prevents injury and service interruptions, keeps you from having to pay for costly repairs or fines. (Link to www.Georgia811.com)
4. (For Aug. 11 posting) Not calling before you dig is the biggest cause of damages to underground utility lines, with the greatest cost being your safety and the safety of those around you. (Link to www.Georgia811.com)
