

Notice to all contractors who perform cable locating services for AT&T

New AT&T Marking Standards Effective December 1, 2007

Effective December 1, 2007, new marking standards will apply in all AT&T regions. This affects former SBC, AT&T Long Distance and former BellSouth territories. All AT&T companies will follow these marking standards. New AT&T marking flags will be introduced at the same time.

ATT NEW MARKING STANDARDS	
Old Symbol	New Symbol
SBC	ATT/D
SBC FO	ATT/D FO
BST	ATT/D
BST FO	ATT/D FO
ATT	ATT/T
ATT TCG	ATT/TCG
TCG	ATT/TCG

- **ATT/D** = Distribution Cable
- **ATT/ T** = Transmission Cable (Long Distance)
- **ATT/TCG** = Transmission Cable (Long Distance)
- **ATT/T FO** = Transmission (Long Distance) Fiber Optic *
- **ATT/D FO** = Distribution Cable Fiber Optic *

* Note: Fiber Optic cable will be marked only as state law requires.

Important:

- Accurate locating is a necessity!
- Clear concise markings are mandatory!
- Please socialize with excavator community.
