Official Utilities Protection Center, Inc. Business Notification

Update to Internet circuits will cause brief service outages.

Duluth, GA – July 5th, 2007 – Please be advised that the Utilities Protection Center's internet circuits will be upgraded on Friday July 6th, 2007 – beginning at 6:30pm. This upgrade will cause a disruption for the following UPC services – UPC Websites, IRTH Internet (web entry), PRIS Web, Telnet and XML, Email and XML ticket delivery, as well as Inbound and Outbound email delivery for UPC staff. It is anticipated that this service disruption will last approximately 60 minutes.

During this time UPC will continue taking calls for Damage and Emergency locate requests. However, please be aware that delivery to all utilities will not occur until the internet circuit has been upgraded.

Thank you for making note of the downtime and working with us during this time. We appreciate your patience as we continually strive to improve our level of service.
