

Know what's below.  
Call before you dig.

---

Dear Future Member,

This documentation package is necessary to create your file and formally make you a member of Georgia 811. Enclosed you will find 2 items:

- ⌚ **One Application form** ( you need to completely fill this out)
- ⌚ **Two signed membership contracts** (please read and fill out completely. Please make sure you have a witness and make sure dates are filled in as appropriate. After we have signed off on your membership form, we will return a signed copy of the contract to you along with an invoice for membership fee.)

We want to help keep your utilities safe from damage. Please help us complete the information necessary by sending in the necessary documents. Membership is required of all Utility owners in the state of Georgia as per the “Underground Law”, found in **Title 25, Chapter 9 of the Official Code of Georgia**. A copy of the law is available on our website: [www.georgia811.com](http://www.georgia811.com). We are non-profit and receive no government funding. We are supported as the law provides by our membership and are governed by a Board of Directors chosen by our members. Our Rate Structure is provided for your future reference.

Once we have received the above items from you, we will notify you that you are being activated and about to begin receiving tickets. We will follow up verbal notification with written notification. You will begin receiving notices from us whenever we are called and advised of an excavation that might damage your facility or effected grids that you have chosen. Upon receipt, the law provides that you mark your facilities within 48 hours so that the excavation can proceed as safely as possible. If you have any questions please call Georgia 811 Member Services at 770-623-5786 or email to [memberservices@georgia811.com](mailto:memberservices@georgia811.com).

Sincerely,  
Georgia 811 Member Services Department
